This morning while a long freight train was passing West over the viaduct between Market and Limestone streets a small boy was noticed hanging on the side of a coalcar. He was evidently a hobo, judging from his appearance. He could not have chosen a more dangerous place to do his traveling, as there is very little space between the cars and the high girders on the viaduct, while it may be a train on a side-track has only a few inches in which to clear other trains.

If the Republicans are wise, they will up a good man for Commonwealth's Attorney in this District. Wonder if JOHN P. McCARTNEY of Flemingsburg would like to fill the place?

At last the Chicago Grand Jury is getting at the rottenness of the so-called Labor Unions in that city; and Mr. DENNIS SHEA, President of the Teamsters Strike, comes in for a share of the "swag."

COMMENTING upon the recent sentence by a Federal Judge of a lifelong friend for theft, The Louisville Evening Post says the prompt enforcement of the law in the case of FRANK G. BIGELOW, the defaulting President of the First National Bank of Milwaukee, was a credit to the Federal judiciary and particularly to the presiding Judge who was only a few months ago appointed to office by President ROOSEVELT.

Up to a few months ago Mr. BIGELOW was one of the leading business men of the state of Wisconsin, and was a potential factor in politics. He assisted materially in the election to the United States Senate of Mr. CHARLES of Milwaukee, who on March 4th last at the expiration of his term was appointed Federal Judge for Wisconsin.

Subsequently BIGELOW stole \$1,500,000 from the Bank of which he was the President. He was arrested, indicted for violation of the Na-

tional Banking Laws, arraigned before the friend of a lifetime, and he entered a plea of guilty. Before pronouncing sentence Judge QUARLES said:

"It is something more than regret, it is profound sorrow, that I experience in view of the stern duty by which I am now confronted. I would gladly have devolved this function upon another, but upon mature reflection it has seemed to me that a public officer ought not to shrink from the discharge of any plain duty because of personal consideration. The suggestions of sympathy that so naturally arise, based upon long standing friendship, must be silenced by the just requirements of the law."

Judge QUARLES said that he could not see a single mitigating circumstance in the case; that BIGELOW was a man of education and refinement; that he fully understood the crimes he was committing. He thereupon imposed the maximum penalty under the law, a sentence of ten years confinement at hard labor in the Leavenworth Penitentiary. BIGELOW was taken from the Courtroom to the train and is now wearing the stripes of a convict.

The whole incident affords an excellent object lesson to the men who feel disposed to take chances with the Federal laws. The United States Courts exist to punish the guilty, just as they exist to protect the innocent. As a rule United States Judges are men who will see that the law is enforced, and the President has shown that he believes that the guilty should serve their sentences and that pardons should not be granted except in the most unusual cases.

It is a well known fact that when a man is indicted in any section of the country, both in the United States and state Court, that he takes the Federal indictment as a serious affair, while not unusually he treats the state indictment as a trivial affair to be considered at any time.

We believe that out of every ten guilty men arraigned in the various Federal Courts that nine are convicted, and that after conviction nearly all serve their sentences, and this is as it should be.

Cuban Diarrhea. U. S. soldiers who served in Cuba during the Spanish War know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhea Remedy cured my husband of a severe attack of Cuban diarrhea, which he brought home from Cuba. We had several doctors, but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all Druggists.

HOW IT STICKS.

Maysville Has Found It Hard to Shake Off.

Hard to bear, harder to get rid of, is any itching skin complaint, Eczema or itching Piles. Doan's Ointment relieves and cures. All itches of the skin.

Maysville people endorse this statement: Mrs. Kate Poth, living at the corner of Clark street and Forest avenue, Maysville, Ky., says: "I gave a statement about Doan's Ointment which was published in our Maysville papers. I said that I had received most decided benefit from the use of this remedy, procured at J. Jas. Wood & Son's Drugstore. For a long time I had an itching or eczema on the scalp. It broke out in spots and sometimes the spots would appear on my forehead and temples. The itching was particularly troublesome just before a rain and was then so intense that I could not sleep at night. It required only a short use of Doan's Ointment to cure the trouble, and the cure has been lasting for the past five years. There has never been even an indication of a recurrence. A friend of mine also had eczema and tried everything for it but never found anything to remove the annoyance. On my recommendation she used Doan's Ointment and was absolutely cured."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
